

Ridgway Agrees To Resume Truce Talks With Reds

Warns Armed Reds To Keep Out Of City

Tokyo, Tuesday (AP)—Gen. Matthew B. Ridgway agreed today to resume truce talks with the Communists but warned he would break them off again if Red troops enter Kaesong.

The Allied supreme commander, in a strongly-worded message to the top Red commanders, questioned their explanation of the presence of armed troops in the Korean neutral area as "accidental."

"I have also noted you described such incidents as minor, accidental and trivial," he said. "Such incidents are of fundamental importance; as I have pointed out, the incidents are neither minor nor trivial."

"Their accidental nature is in doubt."

His message was addressed to North Korean Gen. Kim Il Sung and Gen. Peng Teh-Huai, commander of Chinese forces in Korea.

Ridgway demanded their guarantee that the neutral zone at Kaesong be kept free of troops.

"I await your acceptance of this condition," he messaged.

The message was broadcast over all armed forces radio stations and will be re-broadcast at intervals in Korean and Chinese after the English version.

Ridgway stated the United Nations position at 1:30 p. m. today (11:30 p. m. EDA, Monday), after his second conference in 24 hours with Vice Adm. C. Turner Joy, head of the Allied truce team.

After demanding that the Reds guarantee neutralization of the Kaesong area, Ridgway warned:

"Any further failure in this regard will be interpreted as a deliberate move on your part to terminate the armistice negotiations."

A company of some 150 armed Chinese troops marched within 100 yards of the Allied conference house in Kaesong Saturday—during a recess in the talks. Ridgway broke off the talks Sunday and accused the Reds of a "flagrant violation" of conditions for the talks.

This drew a radioed official explanation from the Reds yesterday morning. Kim Il Sung, North Korean premier, and Gen. Peng Teh-huai, Chinese Red commander in Korea, said presence of troops was an accident that would not be repeated.

The two top Reds asked Ridgway for immediate resumption of the talks.

However, propaganda from official Red radio outlets continued to insist this morning that there could be no compromise on the basic issue of where to place a buffer zone.

Allied proposals to base the line along the present fighting front—south of Parallel 38 in the west and 20 to 35 miles north of that old political boundary in the center and east—were rejected as "outrageous" and "unacceptable" in Red radio commentaries.

The last nine of the 19 armistice meetings held thus far have been deadlocked on this issue.

Some authorities believed that Ridgway's statement would cover not only the troop incident but call for action to break the buffer zone deadlock.

In an announcement yesterday the United Nations command expressed its official views on the buffer issue. It said:

"The United Nations command delegation . . . have firmly adhered to the principle that to establish a firm armistice arrangement there must be an agreement upon a military line which will be defensible in the event of any renewal of hostilities. This line is in effect the line now generally held by the U. N. forces."

Baruch Concerned Over Increasing Inflation Signs

New York (AP)—Financier Bernard M. Baruch, looking forward to his 81st birthday August 19, said he intends during his remaining years to "keep fighting everything that's wrong."

Baruch, adviser to presidents, spoke informally in a baggage room at La Guardia airport while waiting for a plane to Washington.

He expressed concern for the plight of white collar workers in these times of inflation. He called escalator clauses, granting wage increases to match rising living costs, "helicopter" clauses that lead to still higher prices.

Inflation may have been curbed, Baruch said, if "everything (both wages and prices) had been frozen" at the start of the Korean war.

Russia Comes Forward With Another 'Peace' Proposal, This One A Five-Power Pact

Washington (AP)—President Nikolai Shvernik of Russia sent a letter to President Truman yesterday proposing a five-power pact "for the strengthening of peace."

Nothing New In Russia's New Offer

United Nations (AP)—U. N. diplomats last night studied with interest the new Soviet peace bid to President Truman, but there appeared to be nothing new in the major points of the Russian proposal.

The Soviet delegation to the U. N., headed by Foreign Minister Andrei V. Vishinsky, laid an identical plan before the General Assembly last fall, and it was rejected by an overwhelming vote.

Instead, the assembly adopted an American plan known as "peace through deeds" in which the assembly denounced aggression as the greatest crime against humanity and called for all countries to cooperate to prevent aggression.

The United States took the position at the time that the Soviet peace plan was really a propaganda move and would accomplish nothing. Regarding the proposed five-power pact, the U. S. contended the U. N. charter was in itself a pact sufficient to preserve the peace if Russia and all other members lived up to its provisions.

Break With Reds Urged

Washington (AP)—Senator McCarran (D-Nev.) yesterday urged a break in diplomatic relations with all Communist countries. He also asked expulsion of Russia and its satellites from the United Nations, and all-out propaganda warfare aimed at overthrowing the Soviet government from within.

In a blistering Senate speech the Nevada senator charged the present United States propaganda campaign against Communism "was foredoomed because it was geared to appeasement of the enemy."

He said masses of suppressed peoples in Communist nations are American Allies, "our secret weapon."

House Group Okays Record Arms Budget

Washington, (AP)—The House Appropriations committee yesterday chopped \$1,542,608,500 off President Truman's requested military budget, but still left the sum at a record for peacetime—\$56,062,405,890.

The committee, in submitting its recommendations, made it clear this is only a first installment on funds for all the armed services for the year ending next June 30.

It said a huge outlay is needed "to create sufficient power to prevent disaster in the event war is forced upon us."

At the same time the committee criticized the Defense department's "glaring and wasteful mistakes" in military purchases, "ill-advised shotgun buying" of civilian goods and wasteful use of manpower.

There's a "crying need" in all the services for "better planning and better management from top to bottom," reported Chairman Mahon (D-Tex.) of a military appropriation subcommittee.

The committee knocked out 80,000 requested civilian jobs. The armed services money bill now goes to the House for expected opening of debate Wednesday.

Leaders say they don't expect much of a fight, or many changes, in the appropriations—but they look for a real scrap to break out over a new troops-for-Europe proposal.

Nine Die In Plane Crash

Seattle (AP)—A four-engined Navy patrol plane carried nine men to death yesterday at the mouth of Puget sound.

A few minutes after the PB4-Y Privateer crashed during a low altitude training run there was only wreckage and scattered fires licking across the oil-slick water to mark the scene of disaster.

Two bodies were recovered within an hour of the crash. Search continued by air and sea for the others.

It was the fourth plane being sought along the rim of the North Pacific. The other three, missing with a total of 48 persons aboard, vanished on flights along the British Columbia and Alaska coasts within the past two weeks.

Long Island Man Dies Of Crash Hurts

Charles Costello, of Jamaica, Long Island, N. Y., died yesterday at 3:15 a.m. at the Monroe County General hospital, where he was admitted for treatment of a skull fracture and internal injuries received in an auto accident at 5:15 a.m. last Friday at the site of the old Kittatinny hotel, Delaware Water Gap.

Costello attempted to pass a westbound truck ahead of him, but found that another car was coming in the opposite direction. Forced to pull his car to the left shoulder of the highway, he struck an abutment on the curve and was spun sharply into the sheer mountainside on the west side of the highway. He was taken to the hospital by motorists who stopped at the scene of the accident.

Funeral arrangements are in charge of Dunkelberger and Westbrook funeral home.

Hoey Claims Army Yielded To Dictation

Washington (AP)—Senator Hoey (D-NC) said yesterday the American Federation of Labor "dictated" to the Pentagon the removal of an education picked for a mission to Japan.

Hoey called the Army's action in relieving Dr. Ralph Brimley of Winston-Salem, N. C., "absolutely indefensible," and told the Senate: "I have full confidence in (Secretary of Defense) Marshall as a great military leader, but I am persuaded he does not know what happens down the line in his department."

Hoey said Brimley, superintendent of schools in Forsyth county, North Carolina, incurred the AFL's wrath because he told a group of teachers there to use their own education association grievance committee rather than form a separate union of teachers.

Hoey presented to the Senate an exchange of correspondence with Marshall and Secretary of the Army Pace dealing with Brimley's removal.

HST Vetoes Pension Bills

Washington (AP)—President Truman yesterday vetoed proposals to increase pensions of war veterans disabled by non-military causes and to grant broader pensions to same veterans' widows.

He figured the first proposal would cost the government \$16,700,000 for the first year alone.

It would have increased some pensions from \$60-\$72 a month to \$120.

Compensation for veterans disabled as a result of military service is not affected.

Mr. Truman said in his veto message that his estimate of the first year's cost "is not the full story. As the veterans of the two World Wars and the present conflict advance in age through the years, the cost would increase very substantially," approaching \$400,000,000 a year toward the end of this century.

The other bill he vetoed would have removed dependency as a requirement for payment of non-service-connected death pensions to widows of veterans they married some 20 to 40 years after the wars in which they fought.

Schedules Hearing

Harrisburg (AP)—The House State Government committee fixed a hearing for next Tuesday to consider views on the hotly-disputed loyalty oath bill. Chairman Ivan Watkins (R-Schuykill) said the committee would be glad to hear testimony from anyone who cared to appear.

Demand Cut Restored

Pottsville (AP)—Some 200 teachers from Schuylkill and Northampton counties will go to Harrisburg by motor caravan Wednesday and demand restoration of \$480,000 which the legislature cut from funds for distressed school districts, spokesmen said last night.

Senate Bloc Votes Against Reporting Bill

Harrisburg (AP)—The Senate Democratic caucus formally instructed its members of the Senate Finance committee last night to vote against reporting the income tax bill for a floor vote.

The action cut off Gov. John S. Fine's last hope to overcome Republican opposition to the one-half of one per cent levy by enlisting Democratic support for it.

The Finance committee meets this morning.

Of the 17-member committee, five Republicans and five Democrats are now lined up against the measure. The administration can hope only for the votes of the remaining seven—a minority at this point.

Chairman T. Newell Wood (R-Luzerne) said today's vote will be a do-or-die decision on the income tax. Its defeat would force the administration to turn to other taxes to fill in a \$119,000,000 gap in the Governor's \$1,220,000,000 budget for the next two years.

The Democratic caucus was attended by Democratic State Chairman Maurice Splain Jr., and James Finnegan, Philadelphia city Democratic leader in addition to the 20 Democratic senators and Rep. H. G. Andrews, House Democratic leader.

Sen. John H. Dent, Democratic floor leader, said the caucus reaffirmed its opposition to any form of income, mercantile or sales tax and called upon the Republican majority "to end this tax stalemate by proposing alternative tax measures."

"They (the Democrats) are cognizant of added needs for health, welfare, education and state-aided institutions and are ready and willing to consider any other form of taxation the Republican majority or the Governor proposes," said Dent.

He estimated at \$63,000,000 the amount of additional money for which the Democrats would support new or added tax measures.

Dent said the Governor told a group of Democrats at a meeting in Hershey Sunday night that he would be compelled to call a special session of the Legislature within three weeks after any adjournment without new taxes.

The governor's other alternative, Dent added, would be to cut appropriations to fit the reduced tax revenues.

Sen. John J. Haluska, Democratic whip, said the seven Democrats participated in the Hershey conference.

"We told the Governor we still oppose the income tax but would try to work out some sort of compromise tax program to meet a need for additional revenue," said Haluska.

The Finance committee meeting originally was set for yesterday, opening day of the 32nd week of the 1951 session. Wood, however, decided to postpone it until today because all 17 members were not notified of it in advance.

Scout Does Good Deed - Catches Falling Child

Boston, (AP)—Eleven-year-old Francis Sargman, a Mattapan Boy Scout, did an unexpected good deed yesterday when he caught a baby falling 25 feet from a second floor window.

Harry Dresser, the one-year-old son of Mr. and Mrs. Bernard Dresser, of Mattapan, apparently lost his balance and slipped out of the window. Sargman, who was walking by saw the child falling and caught him in his arms a few feet above a concrete sidewalk.

The force of the blow sent Sargman to his knees. He suffered a few minor bruises. The baby was unhurt.

Boyle Intends To Keep Party Chairmanship

Washington (AP)—William M. Boyle Jr. said at the White House yesterday he has no idea of quitting as Democratic national chairman.

He conferred with President Truman, in a 30-minute visit, before making the statement to reporters. The White House had no immediate comment of its own.

Boyle's name has been mentioned in connection with newspaper accounts of a \$356,000 government loan to a St. Louis printing firm, and to a reported effort to gain control of a government-owned nickel plant in Cuba.

He declared yesterday he hadn't used his influence in either and that he had always acted "honorably."

Sen. Benton Suggests That McCarthy Quit

Washington (AP)—Senator Benton (D-Conn.) suggested yesterday that Senator McCarthy (R-Wis.) resign. Otherwise, Benton told the Senate, McCarthy ought to be kicked out for the good of the people and the Senate.

McCarthy came in fast from his corner.

"Connecticut's mental midget," he hurled at Benton. "While Benton was assistant secretary of state, he worked hand in glove with the crimson clique who have been so bad for America and so good for Communist Russia." His reply was in a statement handed to newsmen.

Benton fathered a resolution asking the Rules committee especially to study McCarthy's part in the 1950 senatorial election in Maryland, and his other acts since becoming a senator, with a view to expelling him from the Senate.

Senator Wherry of Nebraska, GOP floor leader, quickly pounced on Benton's move, calling it "unfair" and accusing Benton of having "only political motives in mind."

'Friend' Sends Him To Hospital

Miami, Fla., (AP)—A "good friend" sent Gatson Miller, 48-year-old Negro, to a hospital yesterday.

Miller, who had a fractured skull, told police he was "tapped on the head" by a hammer wielded by a friend.

He wouldn't say who the friend was because, he added, they were such "good friends."

Congressmen Sympathetic For Victims

Washington (AP)—Senator Hoey (D-NC) said yesterday the Senate will investigate wholesale violations of the honor code at West Point, where 90 cadets are about to be dismissed for cheating in exams.

As Hoey made his announcement Senator Benton (D-Conn.) urged that the young student officers be allowed to remain in school on probation, and Rep. Reid Murray (R-Wis.) asked Congress to give them a 30-day reprieve.

A wave of sympathy for the cadets swept through both Houses of Congress, but whether it would save them from the disgrace of expulsion remained to be seen. Many congressmen, shocked at the disclosures, still believe that the firings should be carried through.

Hoey, chairman of the Senate's investigations subcommittee, promised an immediate inquiry by his group. It will be in the nature of a preliminary study.

"If some of these boys feel aggrieved, there should be some full investigation by a congressional committee to take care of that," Hoey said at a news conference.

"If any one concerned feels there has not been fair determination in the matter, Congress should find out exactly what happened."

"I don't think this kind of thing has happened just at West Point because almost all colleges have been showing favoritism toward athletes. However, cheating cannot be tolerated at West Point where there is a high honor system and where they are being trained for the Army."

"If the Armed Services committee or some other committee does not investigate this situation, we will do it on these grounds."

In calling for a reprieve, Murray introduced a resolution in the House suggesting a cooling off period of 30 days before the Army takes final action against the cadets. All are accused of breaking the U. S. Military Academy's renowned honor code by giving or receiving information about examination questions.

Murray said that during the 30 days all the facts can be studied and the military authorities may be restrained from doing "something that will be regretted for all future time."

A special screening board at the academy is now making a final examination of each cadet's case. The names of those involved have not been announced by the Army, but there are reports that 44 members of Army's famous football team are among them.

At West Point football Coach Earl (Red) Blaik and Maj. Gen. Frederick A. Irving, academy superintendent, said they would welcome a congressional inquiry.

Members of Congress who have commented on the case seem agreed that over-emphasis on football and other sports was at the root of the cheating. Athletes faced with long training grinds found it hard to keep up with their classes, they said. Some congressmen blamed the faculty for the situation.

But senators and representatives were divided on the question of the punishment to be meted out. Some want sterner action. Others like Murray, favor leniency.

Oil Talks Open On Friendly Note

Tehran, Iran (AP)—British-Iranian oil negotiations got off to a friendly start last night.

The first meeting of Iran's new seven-man negotiating committee and the London delegation of Lord Privy Seal Richard Stokes was held as Iranians celebrated their Constitution day.

Tank patrols and increased police guards prevented any patriotic rallies breaking into disorder, but outcries against American intervention in the oil crisis were heard at one gathering.

"American imperialists, hands off Iran," was one of the slogans of leftist demonstrators.

Averell Harriman, President Truman's special envoy whose intercession induced the Iranians and British to tackle negotiations anew, is remaining here while the negotiators seek to settle the future of the billion dollar British-owned Anglo-Iranian Oil Co. which Iran has nationalized. But he is not taking part in the negotiations.

THE PRESENCE OF RED TROOPS near the Allied staff house in the truce town of Kaesong has caused Gen. Matthew B. Ridgway, United Nations commander, to break-off the Korean armistice talks. Photographed by Allied newsmen, Communist troops (top) are shown as they marched single file near the conference house. Below, armed Chinese Communists pass a United Nations cease-fire convoy jeep with an American driver at the wheel. Note the machine guns and rifles being carried. The Reds claimed the violation was an accident and promised that it will never happen again.

Wydra Seized In Canada As Escapee

A convict, who on June 27 escaped from Eastern penitentiary in company with a fellow prisoner from Monroe county, has been seized in Canada, but the man convicted in this county is still at large, it was learned here yesterday.

Adolph Frank Wydra, 32, of Mount Carmel, Pa., and William Dinkel, 41, of Lake Ariel and East-

ton RD 4, walked away from a prison farm on June 27. Dinkel had been committed to the penitentiary from Monroe county on Dec. 2, 1946, after pleading guilty to a burglary charge before President Judge Fred W. Davis.

State police here had arrested the man in late November of 1946 in connection with the theft of household goods from a summer cottage owned by Rev. A. A. Wohlson.

Clubs Press Support Of House Bill

Encouraged by passage of House Bill 1111, restoring a \$150,000 appropriation to the State Department of Health for treatment of alcoholics, Monroe County Federation of Clubs last night decided to press their support of the measure in the Senate. Delegates met for dinner at the Eagles club.

Already, the federation has the pledge of Sen. Montgomery F. Crowe that he will be for the measure as soon as the bill is reported to the floor of the Senate.

Big difficulty now appears to be with the Senate Law and Order committee where the bill is presently bottled up. A recent appeal to Senator Crowe won agreement from the Monroe Republican that he will do everything in his power to get the measure out of committee and up for vote. Crowe is not a member of the committee.

The aid to alcoholics measure also has the backing of the State Federation of Clubs.

George W. Price, legislative committee chairman, filed a report on legislative action to date at the request of Fred Hoffman, president. In addition to the alcoholics aid bill, Mr. Price noted that little in the way of legislation has passed the current session and that prospects are slim for the remainder of the session.

He called attention to the surprising House passage of a bill to permit retail licensees to sell bottled goods after State Stores close without a protest from the dry forces.

Secretary Ernest Ridgeway reported the appointment of Attorney George Garrison Shafer, Stroudsburg, as a member of the legal committee of Pennsylvania Federation of Fraternal & Social Organizations. Mr. Shafer is solicitor of the Monroe federation.

Foster Minnick, treasurer, received final reports on contributions to the Salvation Army camp fund initiated by the federation.

Memolo Pays \$10,000 Fine

Scranton (AP) — John Memolo, Scranton attorney who was convicted of conspiracy to obstruct justice and defraud the United States in 1947, yesterday paid a \$10,000 fine imposed on him by the court four years ago.

Memolo was convicted of conspiracy with Jacob Greenes, Scranton, and attorneys Miller A. and Donald M. Johnson, Lewisburg, sons of former Federal Judge Albert W. Johnson. Memolo was paroled in 1949 after serving one-third of a five-year sentence.

Showers May Move Into Area Today

Scattered showers, predicted by the weatherman for today, are expected to bring to an end the cool, pleasant weather which has graced Stroudsburg and vicinity for the past several days.

A low pressure area stretching from Canada to southern Iowa was expected to move east rapidly and reach the Stroudsburg area today, bringing with it the showers and warmer weather. A low of 60 to 65 degrees is forecast.

Cool air over the Middle and North Atlantic states produced record low temperatures at several points throughout the State yesterday. The thermometer registered in the low 50s yesterday morning in most of southeastern Pennsylvania and near the 40-degree mark in the Poconos.

According to Jack Davis, operator and official weather observer at the Mount Pocono Airport, Stroudsburg reached a low of 42 degrees in the morning and then climbed to a high of 73 degrees yesterday afternoon.

Basketball Court Built At Playground

The East Stroudsburg playground is constructing an outdoor basketball court on the field next to the pool. It is expected to be completed some time this week.

According to Lewis Hastie, playground director, the court will be 50 feet wide and 84 feet long and have two regulation size baskets set up at each end.

Coming athletic events for the week were also announced by Mr. Hastie. Today at 2:30 p. m., at the East Stroudsburg playground, the Camp Miller softball team will be the attraction. Camp Miller, earlier in the year, inflicted the only defeat on the local team's record by the score of 14 to 3.

Also coming up this week is a return swimming meet with Bangor to be held at the Bangor park pool. East Stroudsburg won an earlier meet with Bangor by the score of 123 to 81.

Property In Water Gap Changes Hands

Land and buildings at Main St. and Cherry creek, Delaware Water Gap, were sold to Mr. and Mrs. Elam G. Gray, of that borough, according to a deed recorded at Monroe county court house yesterday.

Grantor was Chester A. Dreher, executor of the estate of the late Mattie B. Cole, Delaware Water Gap.

According to other deeds recorded, Mr. and Mrs. Earl Whitmore, East Stroudsburg, sold a lot on Lenox Ave. in that borough, to Mr. and Mrs. Stanley Zacharcuk, also of East Stroudsburg.

Mr. and Mrs. Lyle L. Bowman, East Stroudsburg, bought a lot at Lackawanna Ave. and Broad St., in that borough from Fred and Agnes S. Harps Wallick, of Greentown, Green township.

A small tract on Running Valley School road, was sold by Mr. and Mrs. Wilbur S. Learn, Jackson township, to Mr. and Mrs. William Lennen, Philadelphia.

Sold by Mr. and Mrs. Amzi Dunbar, Middle Smithfield township, to John Levenoski, Bushkill, was a piece of land on the Milford Pike. Mr. and Mrs. Francis C. Mooney, Pocono township, bought a tract adjoining the Scotrun-Tannersville and Scotrun-Meisertown roads from Charles Costello, Philadelphia.

Locomotives averages 65 per cent more power today than 30 years ago.

Swimming Pool Closed Today

The Stroudsburg Playground swimming pool will be closed today so that it may be cleaned and have fresh water put in. The pool will be open tomorrow as usual.

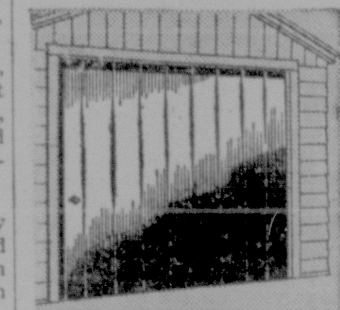

It was announced by Joe DeRea-za, Red Cross life-saving instructor, that starting tomorrow, life-saving classes will be held Wednesday through Friday from 10

a.m. to noon, and Wednesday and Friday nights from 6 to 8. Classes have only a few weeks to run, and it is necessary that those people enrolled in the course attend as many classes as they can, so that they may be eligible to receive their life-saving certificates.

Stop Thief!

One of the lowest forms of life is the relief chiseler. Employed, or with some other source of adequate income, he (or she) takes money that is supposed to go to the destitute.

He (or she) increases the load carried by working and taxpaying persons, many of whom may have less than the chiseler. He cheats the really needy. Any increase in relief grants must take into consideration the total funds available, and the chiseler is draining away part of those funds.

His cheating can only be compared with robbing poor boxes, or stealing the widow's mite.

Fortunately, chiselers aren't as numerous as many persons believe. But there are entirely too many of them.

The Joint State Government Commission, which recently made a thorough study of Pennsylvania's public assistance setup, estimated that the chiselers get upwards of \$8,000,000 a year. While that would be only a little over five per cent of last year's relief expenditures, it's a scandalously large sum to be taken by fraud.

Something can be done about it, and a move in that direction has just been made in Harrisburg. It is in the form of a bill introduced in the General Assembly by Rep. William R. McMillen, of Indiana, at the request of Secretary of Public Assistance Eleanor G. Evans.

It is proposed to bring chiselers to trial, pronto, before aldermen, justices of the peace or magistrates, instead of going through the long process of Grand Jury indictment and later court action.

As Mrs. Evans said, months often go by now before a chiseler is brought to justice, and he may meanwhile be continuing to get relief. The quick action should show him that it doesn't pay to tamper with the State, she added.

Yes, and action in his own neighborhood should impress others who might be tempted to cheat.

Another feature of the bill—and perhaps a more important one—would set up a special investigating unit. This would be composed of persons trained in police work, and their job would be to track down violators. They also would check the work of the 200 public assistance visitors, to make sure that they are properly using the eligibility rules.

Action Now

Nearly all congressmen who have been quoted on the issue agree that something should be done to get William N. Oatis, the Associated Press correspondent, out of his prison in Communist-ruled Czechoslovakia.

But Mr. Oatis won't be freed until some forthright action is taken.

Why not act now?

It has been suggested that committee hearings be held in order to let the Communists abroad know how Americans feel about this mistreatment of one of their fellow countrymen.

Cutting off American imports from Czechoslovakia would make that clearer than words could do. And it would hit the Red overlords in Prague where it would hurt them most—in their pocketbooks.

They love our dollars, even if they don't like us.

There could be only one excuse for committee hearings. That would be to force the State department to come out in the open with its objections to a policy of treating the Red satellites the same way they are treating us. But that can wait until Mr. Oatis is out of jail.

Let the Reds know that the American market is closed to their goods until this innocent man has been released.

Congress can do that. It should do it now.

The Indian population of Oklahoma fell from 92,725 to 63,125 in the 10-year period 1930-40, though the Indian population of the entire United States rose by 1,572 in the same period.

Holdup—When Lewis Heiney and Ralph Rheinfels were taking \$76,000 from the First Stroudsburg National Bank to the post-office for mail shipment to Philadelphia, on Tuesday forenoon, they found themselves looking into the muzzle of a sub-machine gun and at the mercy of four bandits who snatched the money bag and disarmed Rheinfels on South Seventh Street, jumped into a Buick and vanished—all in about two minutes' time. The bandits crossed Seventh Street bridge and speeded to Minisink Hills where they drove in over the N.Y.S.W.R. trestle across the Delaware river, encountered workmen, parked their car under the trestle and crossed the bridge. There they discovered Ernest Oischewsky, caretaker at Karamac Camp, forced him at gunpoint to accompany them until they came to a hidden automobile, then escaped, and were thought to be headed for Port Jervis, N. Y.

Failing to quickly find any neighbors to help subdue the animal, Mrs. DeHaven borrowed a baby chick and placed it in a box in the cellar. When she went to feed the chick in the morning she found Mr. Weasel had walked into a trap.

Rupert Hughes claims he knows the origin of kissing. "A prehistoric man," avers Hughes, "discovered one day that salt helped him survive the fierce summer heat. He also discovered he could get the salt by licking a companion's cheek. The next thing he observed was that the process became ever so much more interesting when the companion belonged to the opposite sex. First thing you know, the whole tribe had forgotten all about salt."

Sean O'Casey, the Irish dramatist, was introduced one evening to novelist Paul Gallico, whose ancestors hail from Italy. O'Casey was uncomminally cordial all evening. When he arose to depart the reason became clear. He clapped Paul on the back and boomed, "Fine to have met you, Mr. Gallagher."

These Days — By George E. Sokolsky

The China Lobby

Among the numerous documents that are coming out of the McCarran committee hearings is one issued by May Miller, assistant organizing secretary of the Communist party of New York state, laying down the party line on China. Issued on March 1, 1949, the covering letter reads:

"To All Sections and Counties:

"Enclosed please find program for action on China policy, as voted upon by a United Front Action conference on China, held in New York on January 29, 1949.

"We are sure that you will find this material not only informative, but helpful in planning actions on China in your communities.

"A special outline has also been issued by the national committee on Communist policy in China. This can be secured through orders from our district education department. The outline can be used as the basis for discussion in your sections and branches.

"Any inquiries in relation to further activity can be received by writing to the committee for

a Democratic Far Eastern policy, at 111 West 42 Street, New York City.

Comradely yours,
May Miller
Asst. Org. Secretary

At the top of the program, as item number one, is the following:

"Demand a Congressional Investigation

A. Of the Chinese lobby in Washington one of the largest spending foreign influences in our capital; Not registered as foreign agents

B. Of the billions of dollars of private accumulation deposited in American banks and investments by Chinese officials and individuals."

This question lay dormant until, during the Russell committee hearings on General MacArthur, Senators Brien McMahon of Connecticut and Wayne Morse of Oregon brought it up and demanded action. Although not even by implication do I relate Senators McMahon and Morse with Communism, I do wish to call attention to the origin of the proposal.

Thus far, no one whose name has been correctly or incorrectly identified with what the Communists named as the China lobby

has protested, resented or resisted investigation. In fact, Alfred Kohlberg who seems to have been the principal target for attack has said that he would welcome investigation.

To my knowledge, many Americans have spent their own time and money supporting the cause of Nationalist China. As citizens that is their right. There are, however, others, principally lawyers, who have been employed by various agencies of Nationalist China. Some of them would not like to be investigated. It will be impossible to study the work of the volunteers, former merchants, missionaries and newspapermen, without coming across these law firms who have been deep in this business. An investigation going back to 1941 would produce astonishing disclosures of how Washington lawyers advise and misadvise clients—particularly foreign nations which are led to believe that they have a pipe-line into the White House.

What is true about China has been true of many foreign countries which have employed Washington law firms for various purposes. It would be interesting to know what they got for their money.

Communist documents generally end on a series of slogans. This one, signed by May Miller, has

some beauties:

"The Chinese people are defeating the American reactionaries: So can we! China policy reveals the overall character of Washington's foreign policy—it harms the American people.

China policy is directly related to our domestic struggle for homes, for more consumption goods, for lower prices for increased social security, for healthy international trade, for freedom from depression and militarism.

China shows up the weak spot in our reactionaries' program.

Let's fight on China policy and take advantage of the blow the Chinese people have dealt the American reactionaries!"

It is important to know that the Communists organized a committee for a Democratic Far Eastern policy and that one of the suggestions sent out by this committee included his one:

"See to it that the president and the members of Congress hear from hundreds of individuals on China policy right now."

Apparently, the President and the Senators got letters and telegrams on the subject. Well, this is the source of it all, and they have been at it for two years.

Washington Report

(While Fulton Lewis, Jr., is on a four-weeks reporter's tour of Europe, guest columnists will write for him. Today's column is by Senator James H. Duff, of Pennsylvania.)

by James H. Duff
United States Senator from Pennsylvania

Washington — This is a time of supreme danger for the United States. We are a marked nation because we are the last great road block standing between Russian ambition and Russian world domination.

At the end of World War II the United States had the greatest military force in the world. But for five years following the end of World War II we allowed our military might to disintegrate. We went to sleep on military matters. Meanwhile Russia secretly and continuously built its power to new maximums.

Today the United States finds itself outmatched by Russia in military power and preparedness. When we compare what we have on hand with the tremendous battle-readiness of the Russian military establishment, we are weak.

It is estimated that Russia and its satellites at the present time have five and three-quarter million men, fully equipped and battle-ready, only sixty days ago General Hershey, head of selective service in this country, made the statement that he was worried lest we would not be able to meet a quota of three and one-half million men—not at the end of 1951, but almost a year and a half away, at the end of 1952.

As a result of this disparity between Russian military power and our own, we are sitting on a volcano. We do not know when or where or under what circumstances an explosion may take place. Such an explosion could set off World War III. That decision is in the discretion of Russia, because Russia now has the initiative as a result of military superiority.

Everybody in America wants peace. We have everything to lose and nothing to gain by another world war. The American people have the highest standards of living of any people in history. We enjoy civil and religious liberty unsurpassed in the world. We covet no other nation's lands or possessions. All the people of the United States want is to be let alone and for Russia to let all other nations alone to mind their own business.

The trouble is that by reason of Russia's present great preparedness, it will be Russia and not the United States that has the initiative in determining whether or not we can have peace.

One thing stands out clearly in the history of the last one-third century—the aggressor nations always strike at the unprepared. Our present situation, therefore, puts us, in America, in a position of great vulnerability because as a result of our unpreparedness Russia may decide to begin World War III, whereas it would not dare to do so if it feared the power of an overwhelming retaliation by the United States.

If a cease-fire is accomplished in Korea we will make a fatal mistake if we are lulled into a sense of false security and thereby lessen the drive back of our present defense efforts. On the other hand, if the war in Korea breaks out with new violence, we must redouble our efforts for preparedness because World War III then will be just around the corner.

Whatever happens in Korea, therefore, it is our job in America to get ready to defend ourselves because a strong defense is the only assurance of peace in today's troubled world. Surely it will not be necessary to repeat Pearl Harbors across America in order to arouse the American people to the seriousness of the crisis that confronts us.

Today's world is on fire. Here

Random Thoughts of a Rambling Reporter

Willie Moretti, alias "Moore," New Jersey gangster and gambler, who has done a stretch for assault and is under suspended sentence on a gun charge, mouthed a threat for a CBS tape recording, in which he swaggeringly stated that next time he sees Lee Mortimer he will sock him—"not a Sinatra punch, either. I used to be a prizefighter." . . . Now that he is on record, I will speak up, too—not with a threat to break laws or jaws, but with a pledge that if this ex-convict lays a hand on Mortimer I will devote all my energies and resources to prosecuting him civilly and criminally and to put him back among familiar surroundings, in a cell.

in the United States we are now in far graver danger than before either World War I or World War II. It required the sinking of the Lusitania to awaken us to our danger in World War I. The perfidious attack on Pearl Harbor was necessary to awaken us in World War II. In this atomic age we dare not risk the danger of an all-out attack by atomic bombs on the cities of this country before the scales drop from our eyes and allow us to see the danger which we face.

Looking at Life

By Erich Brandeis

Brandeis

I wonder how many of you saw the story of the Greek displaced persons in your newspaper.

A shipload of them went over to the Statue of Liberty in New York Harbor, each kissing the feet of the statue, each saying a silent prayer of thanks for having reached these shores, to start a new life of freedom and of opportunity.

How many of you ever read the inscription on that statue? I have printed it before, but I shall repeat it here:

"Give me your tired, your poor, Your huddled masses, yearning to breathe free, The wretched refuse of your teeming shore."

Send these, the homeless, tempest-tossed to me: I lift my lamp beside the golden door."

Perhaps those Greek immigrants did not know the meaning of these words.

But they felt them in their souls.

How I wish, at times, that we, the people of the United States, could more fully appreciate the blessings of this country and more deeply share the feelings of the immigrants.

I myself often forget our privileges and the meaning of the word FREEDOM.

I join in the chorus of those who kick and complain about taxes and high prices and graft in government—forgetting that the very act of kicking and complaining is a privilege no other country grants its citizens.

Our newspaper, in which I saw the story about the Greek immigrants, carried a picture of the event.

What are YOU doing with your FREEDOM?

Traffic Survey To Start Today; Motorists Requested To Cooperate

The exhaustive origin and destination traffic survey in and around the Stroudsburgs started yesterday with two officials of the Bureau of Planning, Pennsylvania Highway Department, briefing some 28 local men on their duties at 11 check stations surrounding the boroughs and several more on an inner cordon in each borough.

Complete cooperation of the traveling public is essential to a sound report, officials said.

First shift of the around the clock traffic survey is scheduled to start at 5 a. m. today. Shifts will run from 5 a. m. to 1 p. m., 1 p. m. to 9 p. m. and 9 p. m. to 5 a. m.

Check of traffic will not be taken over weekends. The count and study will be conducted Monday through Fridays.

John R. Kelly, who, with George Germer, is setting up the check-study, said weekend traffic counts are considered abnormal and are not used or taken anywhere in the State where traffic studies are in force.

He added, however, that the machine count—a device which registers traffic count when vehicle wheels pass over a covered tape extending from the device to the road surface, will be operating and will undoubtedly record that heavy flow of traffic on highways in and around the two boroughs.

These recordings will be assembled and factored with the remainder of the traffic count data.

All of the information gathered here will be sent to Harrisburg, where engineers and planning analysts will correlate the data and apply it to studies of proposed by-pass construction, particularly for Stroudsburg.

The data will also reflect any necessity for widening existing roads, replacing them with heavier construction and similar construction factors.

All outbound traffic in the two large and two inner cordons will be interviewed.

Pennsylvania State police have been assigned to check points to halt traffic. The checkers will be lined up car and truck-lengths apart. Several checkers will question operators of several cars at one time to eliminate any delays in travel or traffic jams. If jams should develop, the checking is passed up for smooth flow of travel, officials said.

Mr. Germer, who will supervise the work here for one month, said both a manual and machine count will be taken of traffic.

Checkers will note number of passengers, including driver; type of vehicle, Pennsylvania or "foreign"; ask the origin and destination and inquire into purpose of the trip; ask about intermediate stops, get home address of driver of passenger car, or registration address of commercial vehicle, route of highway.

Every type of truck will be noted as well as buses and taxis.

The two inner cordons in the Stroudsburgs will be wide enough to take in the major business districts and several side streets of both boroughs. Here, the parking limit will also be checked by the Bureau of Planning.

The survey was asked by Stroudsburg Borough Council which contributed \$500 toward the cost. Reason for the request was to gain information relating to a possible by-pass, utilizing the old Wilkes-Barre & Eastern Railroad Co. right of way from Seventh St. bridge to borough limits in a westerly direction and to the proposed Fifth St. bridge in an easterly direction.

Headquarters for the Bureau of Planning traffic checkers will be in the basement of Stroudsburg Municipal building.

Teen-Agers Want Colorful Rooms

Teen-age boys and girls want "their" room to be more than just a bedroom; it must be a living room as well and it must have color and imaginative furnishings. Decorative treatment should be planned from the floor up, and if asphalt tile flooring is used, the color possibilities are unlimited. To have the floor darker than the walls makes for good contrast, but the two must harmonize. Striped effects with brown and light buff tiles alternating, are especially good in a girl's room having pale blue walls and harmonizing blue draperies and upholstery. A boy's room calls for bolder treatment. Tan tile flooring set off by chocolate-colored border of this easily-cleaned material, and knotty-pine paper on the walls, will mark the room as masculine. Dark green upholstery and draperies complete the decorative scheme.

Appenzell Picnic

The annual Appenzell picnic will be held Saturday afternoon and night, August 11 at the church grove. Earl Held's All Girl Band of Easton will play both afternoon and night. It is a sixty-piece band, and the public is invited to attend the picnic.

Bazaar Next Saturday

Fannersville — The Altar and Rosary Society of Our Lady of Victory Church are progressing with final plans for the annual bazaar to be held August 11, at 4 p. m. through the early evening at the church, with refreshments available in the basement.

AN EXHAUSTIVE TRAFFIC COUNT and analysis covering Stroudsburg and East Stroudsburg with inner cordons covering business sections of both boroughs got under way here yesterday with 28 checkers and two experts from State Highway Department. Shown here (seated) are George Germer and John Kelly of the Highway Department with Councilman H. G. Heller, Fifth ward, and Mayor Hal H. Harris. Headquarters will be at Stroudsburg Municipal building. (Daily Record Photo)

Club Inducts Three Into Membership

Mount Pocono — Rotary club here last night inducted three new members and heard Mayor Jack Davis of Reading call for a continuing battle to maintain free enterprise against nationalization of business in this country by bureaucratic regulation.

Mr. Davis was a guest of Jack Crandall of Pocono Manor, program chairman.

Harry Taylor, new president of Rotary, conducted the meeting.

New members are Vincent April, local photographer; Frank Birdsell, of Skyline Inn and Willard Webster of National Drug Co., Swiftwater.

U. S. Acts To Collect Taxes

Marshall, Tex. (AP) — The U. S. Internal Revenue bureau descended yesterday on the bank accounts of tax-rebelling Marshall housewives and came away with exactly \$36.03.

The figure would have been considerably higher had not nine of 18 housewives involved apparently withdrawn their deposits.

Tight-lipped and serious, J. D. Langford of the bureau's Tyler, Tex., office and J. P. Armistead, of the Longview, Tex., walked into the Marshall National bank yesterday morning.

They handed copies of Federal seizure warrants to William L. Young, bank president. They also handed him a Federal order that accounts of the rebellious housewives be made available for inspection and that Young write checks for stated amounts.

In the afternoon they went through the same procedure at Marshall's other bank, the First National.

The Treasury agents wouldn't talk to reporters, but the Marshall news-messenger found the late housewives willing to talk and name amounts.

The women claim it is unconstitutional to require them to act as tax collectors by withholding social security taxes from the wages of their domestic servants. They plan to fight it to the U. S. Supreme court if necessary, a spokesman said.

Martin Family Now In Texas

Bartonsville—Mrs. Robert Martin and children, Prudy and Skeeter, returned to Long Beach, Miss., after spending three weeks here visiting Mrs. Martin's mother, Mrs. Norman Marsh and family.

Immediately upon her return to Mississippi Mrs. Martin and family moved to Waco, Texas, where her husband, T. Sgt. Robert W. Martin has been transferred. Mrs. Martin is the former Lois Fetherman, of Stroudsburg.

WSCS Bazaar Friday

Poplar Valley — The annual bazaar of the Poplar Valley WSCS is scheduled for Friday night, August 10 at the social hall. The event promises to be even bigger and better this year and there will be plenty of home made ice cream and cake on hand so be sure to be present Friday night and bring the family.

Wooddale Picnic

The Wooddale Sunday school picnic will be held in the church grove on Saturday, August 11, with a picnic lunch at 12:30, and a baked ham dinner to be served at night from 5 to 8 p. m. The public is invited.

Red Hill's Brother May Not Attempt Plunge Over Falls

Niagara Falls, Ont. (AP) — The body of a riverman who bet his life against the Canadian falls was recovered yesterday from the Niagara river.

Early morning searchers found William (Red) Hill's battered body in the lower river basin near the Canadian dock of the Maid of the Mist sightseeing vessel.

And after the 38-year-old daredevil's body was found, Hill's younger brother, Major, apparently changed his mind about trying to ride over the falls in a barrel next Sunday.

Major, who is in the Canadian Army, said Sunday night that he would make the plunge himself, probably Sunday. He said he would defy the 165-foot cataract in the same barrel he used last year when he was hauled out of the river by police before he reached the brink.

But after his brother's body was recovered, Major told a friend that he probably would not attempt the stunt again.

Reading, (AP) — A 39-year-old Berks counten stepped forward last night and declared his intentions of flirting with death by going over Niagara Falls in the same kind of make-shift rubber contrivance which brought death Sunday to William (Red) Hill in an ill-fated attempt to ride over the falls on the Canadian side.

Philip A. Wessner Jr., of Hyde Park, a battle-scarred Army veteran of the European theater of operations in World War Two, announced that he had an offer from undisclosed sources of \$10,000 to make the attempt, negotiated successfully by only three persons.

Wessner's announcement followed that of "Red" Hill's brother, Major, who said he would make the plunge over the falls himself, probably next Sunday. Major, on leave from the Canadian Army, successfully negotiated the lower rapids in a steel barrel last year. He plans to use the same device again, he said.

An acquaintance of Major Hill, Wessner said he "would like to make the attempt in order to take Major's place."

"I'm in good health and have all the confidence in the world of being the fourth person to go over. At least I am willing to be the next person to try this feat."

Use Of Natural Gas To Heat New Homes Faces Ban

Washington, (AP) — A government order prohibiting use of natural gas to heat new homes in 15 states, including Pennsylvania, may be issued Thursday, to take effect at once.

There were strong indications to this effect yesterday, but officials of the Petroleum Administration for Defense (PAD), which would issue the order, would not comment.

Under the new economic controls law, state regulatory commissions would have power to suspend the order in their states if they are satisfied it is not needed to prevent a gas shortage.

The PAD invited commissioners of 15 states, mostly in the North-East and northern Mid-west, to a conference Thursday morning. It was expected the order would be presented to the commissioners then, along with an appeal for their cooperation.

Auto Club, Caragemen Air Problems

The Board of Governors of the Monroe County Automobile club met with representatives of the AAA service stations in the county at the Penn-Stroud hotel last night for the purpose of discussing problems that have faced them in furnishing service to motorists.

There are 34 service stations with contracts with the motor club in the county, but the turnout was small. However, numerous matters were brought up for consideration.

President R. LeRoy Dengler of the motor club presided and brought out the fact that the club was anxious to get the best service possible for AAA members. He also showed the important part the garage business plays in the economy of the county and throughout the country with the sale of gasoline, oil and other services furnished.

Mr. Dengler also explained just what emergency road service covered, there have been in the neighborhood of 800 calls costing \$2,500 in round numbers in 1950 in Monroe county. The greatest number were what are termed foreign calls.

He stated the club wanted to do all possible to make the life of the visiting motorist happy and commended the service stations for their cooperation, comparatively few complaints having been received.

All night service is one of the main difficulties faced. There are those who take calls at any hour, others do not. Efforts will be made to form a clearing house to care for this service.

There were complaints on the part of some of the garage men, who stated they would receive calls for service, but by the time they arrived on the scene, the party calling had received assistance and left. They were advised to get name of party, that of club affiliation and other details in order that fees could be collected.

Care in screening membership cards of applicants for service was also urged, which would also help in getting payment for service.

Service station operators were asked to give full details in their charge slips sent to the local club for emergency road service. Frequently this is not done and causes confusion.

Members seeking service are also advised to give definite location where difficulties have happened and thus save the garage people unnecessary travel and loss of time.

At the conclusion of the meeting Gerald P. O'Neill, hotel proprietor and club vice president served a platter lunch and coffee.

Governors in attendance in addition to President Dengler were: Dr. J. F. Noonan, Layton Rhodes, George Woolbaugh, A. F. Everitt, H. G. Sanborn, G. P. O'Neill, George Shick, Harry Ahnert, Clair Learn, M. E. Lettler and Mrs. Cynthia Watt, secretary-manager.

Paint Radiators With Heat Off

Radiator paints and enamels should give good service if applied according to the manufacturer's directions.

Don't attempt to repaint or refinish a radiator while it is hot. In order to avoid blistering, the heat must not be turned on until the paint or enamel has become fully dry and hard.

Before starting to paint a radiator, be sure to scrape or sandpaper off every vestige of rust and wipe very carefully with turpentine or benzine to remove every trace of grease, which might prevent the finish from adhering properly to the surface. Be sure that there is no open fire or flame near the job when using turpentine, benzine or finishes that carry cautions against use near fire or flame. Don't attempt to smoke while doing the job.

Paint Coverage

One quarter pint of paint or enamel covers approximately 15 square feet.

Driver Wrecks Truck But Wins Praise For Crashing Into Trees Rather Than Girls' Car

Delaware Water Gap—A truck driver's quick thinking was credited with saving the lives of three young New York girls in a collision on Route 611 here early yesterday.

The accident, in which a tractor-trailer loaded with stove coal was demolished, brought guests and employees running from Glenwood hotel and nearby homes.

The truck driver, Robert H. Kleckner, about 35, of Flemington, N. J., and Gouldsboro, Pa., was driving southeast on Route 611 down a rather steep grade, according to Police Chief Fred Decker.

The three girls, all in their early twenties, had driven over from Shawnee to visit friends at the hotel. They steered down the hotel driveway at 1:15 a. m. and swung in a wide turn onto the highway.

Kleckner told Chief Decker he was faced with the prospect of smashing broadside into the girls' sedan or running his heavily

loaded truck into a tree. He chose the tree.

The truck crashed into an elm on the Paul Meixell property, rebounded, struck the sedan, a glancing blow and went on to hit a maple on the Ridgeway property, Chief Decker said.

The collision crumpled the front end of the tractor, squashed in the cab on three sides and overturned the trailer. The load of 14 tons of coal was flung out over the highway.

The girls, Grace M. O'Farrell, Long Island City, driver of the car; Eileen Long, Brooklyn, and Ernesta Farlano, Astoria, Long Island, were uninjured.

"No question about it," Chief Decker said. "Kleckner saved some lives there. He used very good judgment. If he'd hit those girls broadside they would have been killed."

Chief Decker took Kleckner to Monroe County General hospital where he was treated for a fractured right rib and for bruises. An estimated \$500 damage was

done to the sedan, but loss on the tractor-trailer was set at \$7,000, Chief Decker said.

Traffic on the highway began to pile up on either side of the accident scene, and both guests and employees of the hotel grabbed brooms to help clear the load of coal off to one side.

One-way traffic then proceeded past the wreckage until the road was cleared about eight hours later.

The tractor-trailer unit was owned by R. Marquard, Taylor, Pa. Kleckner returned to the scene and helped to gather up and reload most of the coal. A derrick hoisted the rear end of the trailer—de-wheeled in the accident—so that a new axle and wheels could be bolted in place temporarily. Another Marquard tractor then proceeded south with the load.

The smashed tractor was towed to a Stroudsburg garage. Employees said the engine was shoved back against the cab and the differential split in two by the impact.

Louis Cohen Missing As Probe Nears

Washington, (AP) — Eleven witnesses have been summoned for questioning today at a public hearing on gambling activities in the Scranton-Wilkes-Barre area.

The Senate Crime committee, which will take testimony here, said it had been unable to find one witness. He was identified as Louis Cohen of Mount Pocono resident and reputed "Treasury-balance ticket" king.

Included in the list of witnesses were State Police Capt. H. E. McElroy, District Attorney Carbon M. O. Mailey of Lackawanna county, Scranton Police Captains Richard Beynon and James Conaboy, and Scranton Constable Dave Haggerty.

Others were listed as Jack (The Dandy) Parisl, Hazleton; Joseph Scalleas, also of Hazleton; Vincenzo Marcarone, Alas Jimmy Mack, of Wilkes-Barre; and Joseph Size and Joseph and Al Baladassari, all of Scranton.

Department Drafts New Peace Plan

Jerusalem (AP) — The U. S. State department has drafted a new plan for peace between Israel and the Arab countries, it was learned yesterday.

A brief communique issued by a United Nations spokesman here said the Palestine Conciliation commission now meeting in Geneva, Switzerland, is discussing "new and far-reaching proposals aimed at solution of the Palestine problem" and "it is expected that the commission soon will be able to disclose these proposals publicly."

An authoritative source here said the State department had prepared a new plan which was understood to be "a vast scheme involving all the Arab countries as well as Israel."

Solon Shoots Self To Arouse Public

Havana, Cuba, (AP) — Sen. Eduardo Chibas, who shot himself in the stomach after a radio broadcast Sunday night to "arouse the people of Cuba to their danger," was placed in an oxygen tent yesterday.

Physicians said his condition was very grave.

The 43-year-old bachelor senator, whose violent criticisms of the government have kept him much in the public eye, shot himself after calling on Cubans to awaken to the "widespread corruption" in the government. He told a friend his act was intended to "arouse the people."

He has fought several duels with politicians, but no one has been seriously injured.

Cresco Man Dies At 78

Cresco — Albert Louis Haverstick, 78, died at his home here at 4 p. m. yesterday. He had been in ill health the past few years.

A native of Philadelphia, Mr. Haverstick was a son of the late Edward and Clara Haverstick. He had resided here 27 years. For some 27 years, Mr. Haverstick was employed by Buck Hill Falls Co. He had been retired seven years.

Survivors include his wife, Caroline; a daughter, Mrs. Lee Rapp, Glenolden, Pa. and two granddaughters.

Funeral arrangements will be announced by William H. Clark, Stroudsburg funeral director.

Plane Lost; Three Aboard

Juneau, Alaska, (AP) — A wealthy easterner's ice studies of an Alaska mountain have been halted by the disappearance of his wife, daughter and a pilot last believed en route to the mountain in the expedition's supply plane.

The easterner, Walter A. Wood, head of the Arctic Institute's ice studies project on Mount Hubbard, and three other members of his party were picked up from a glacier on Mt. Hubbard on Sunday by a ski-equipped Air Force plane.

The pick-up was made after the party tramped out in the snow the word, "Norseman?"

They apparently were asking what had happened to their supply plane, a Norseman.

Searchers meanwhile had been hunting for the plane after learning that it disappeared July 27, apparently while flying supplies to the mountain.

Aboard the ship were Mrs. Wood, their 18-year-old daughter, Valerie, and pilot Maurice King. The Woods are from Far Hills, N. J.

King was believed to have been flying to the Mt. Hubbard camp from Yakutat, 40 miles away. The route has been covered by search planes without finding a trace of the ship and its occupants.

Just Between Us

—By Bobby Westbrook

There's more than a hint of fall in the air these nippy mornings, and I'll wager more than one housewife, with the thought of those school day breakfasts soon to come, has gone thankfully back to the warm bed until the house should warm up a little.

And there's no use in crying "Stop!" to the calendar either, not with the carp moving ponderously up the Delaware, looking big as whales in the clear water; not with the roadsides turning purple with wild asters; and the store windows turning black with new fall clothes.

This should be a steaming hot time, with everybody gasping about how uncomfortable they were, then autumn could come and welcome. The way it is, you hang on to each golden day like grim death, only to have it dissolve into early dusk and a cold breeze that drives you indoors.

However, there's also news that sends a premonitory shiver down your back, too. Bowling will begin in about five weeks; pencil boxes and school bags are on display; the Federation of Women's clubs is planning a seminar; they're making sauerkraut for the West End Fair, which really and truly marks the end of summer.

However, instead of going back to bed and dreaming that summer will last forever, maybe we'd better put on our rubbers and get out and do some hoeing in the garden where the Queen Anne's lace is taking up more space than the zinnias. That ought to cure this summer sadness.

LaBar Family Reunion Holds Memorial

A memorial service for the members of the LaBar family who died during the past year was an impressive part of the 26th annual reunion held Saturday at LaBar's Rhododendron Nursery.

As Quintus H. LaBar, president, read the names, the secretary, Elwood E. LaBar, placed flowers in their memory.

The group of more than 150 members was welcomed to the nursery by Frank H. LaBar, Elwood LaBar served as master of ceremonies. The invocation was given by Rev. John C. Brumback, of Bangor.

Special prizes were awarded to Mrs. Annie Shrack, oldest woman, Charles M. LaBar, oldest man and person coming the longest distance; and to Mr. and Mrs. John Fox, of East Stroudsburg, who with 11 members of their family present easily won the prize for the largest family.

Officers were re-elected as follows: Charles M. LaBar, Pittsburgh, honorary president and historian; Elwood E. LaBar, East Stroudsburg, president; James R. Charron, Pen Argyl, vice president; Quintus H. LaBar, Bangor, secretary; Raymond L. LaBarre, Phillipsburg, N. J., treasurer.

A program of sports and entertainment followed the business meeting by Elwood LaBar's western band.

Letter From Flood Area To Red Cross

A picture of the flood disaster from the viewpoint of the Red Cross chapters working directly in the flooded area has come to George T. Robinson, chairman of the Monroe county chapter which is seeking to raise \$700, which is this county's share in the flood relief fund.

In a letter from John Zeigelmeier, chairman of the Wyandotte county chapter; and Joseph R. Stewart, chairman of the Kansas City and Jackson county chapter, the local officers were informed of the need for individual and family help.

The latter in part said: "We do not pretend to have first hand knowledge of the destruction outside of our chapter areas, but we do know what happened here. Seldom has a flood been so destructive. Hundreds of homes were swept away. In other sections they are so undermined and otherwise weakened they must be razed. Throughout many parts of these communities the 'condemned signs form a pattern along many streets."

"These were the homes of hard-working, good neighbors. They lived as good neighbors should live, neither deserving nor expecting the disaster which has befallen them. They are not hysterical nor are they frantic. They are patient and hopeful, with a great faith that they will receive the help to which they are entitled."

"We are sure that the Red Cross will not fail them in meeting their disaster caused needs, whatever the cost. We want you to know of the great need which exists as you ask your neighbors in your community to contribute to the Disaster Relief fund. We feel sure that could people of this country actually see what has occurred, they would respond to this appeal, generously and immediately."

To the people of Monroe county who wish to respond "generously and immediately," checks may be mailed to Monroe Red Cross Flood Fund, Stroudsburg, Pa.

Music School Chorus On WVPO Today

A chorus of sixty musicians now attending the Pocono Church Music school, now in its fifth year at the Lutheran Ministerium camp above Shawnee will broadcast this afternoon from the sanctuary of Grace Lutheran church, East Stroudsburg, over Station WVPO from 2:30 to 3 p. m.

The broadcast will be held as scheduled although the pastor of Grace Lutheran church, Rev. William F. Wunder is in the hospital and will not be present.

The chorus will be under the direction of Professor Parker B. Wagnild, director of the Gettysburg College choir which sang here last winter.

The program will open with an organ prelude and will include: "To the Lord," Kallinnikoff; "Through the Dark the Dreamer Came," Mabel Daniels; "Surely He Has Borne Our Grief," Graun; "Turn Back, O Man," Gustave Holst; "Jesus, Joy of Man's Desiring," Bach.

A violin and organ duet will present "Largo" by Valentine and the program will conclude with "Beautiful Saviour".

The Pocono Church Music school draws together outstanding musicians for two weeks of intensive work each summer. LeRoy Hanson will be organist.

Antlerless Deer Season Bill Signed

The right of resident sportsmen of any county to abrogate an antlerless deer season was withdrawn under provisions of a legislative act signed July 19 by Gov. John S. Fine. The act was immediately effective and gave the Game commission the right to fix a quota on licenses.

The quota setting feature of the new law requires the commission to determine the number of antlerless deer hunting licenses that shall be issued in each county.

The commission has accordingly set quotas which are aimed at harvesting approximately 75,000 deer in the State this fall.

The quota of licenses made available to Monroe county for antlerless deer hunting is 4,610, of which 60 per cent will be issued by County Treasurer P.A. Rockefeller and the remaining 40 per cent by Department of Revenue, Harrisburg.

Pike county's quota is 5,930 to be issued on the same basis.

In Wayne county the quota is set at 4,160, while Carbon county is 1,980, all to be issued on the 60-40 basis.

Jury Indicts Councilmen, Police Heads

Buffalo, N. Y. (AP)—Four city councilmen and a deputy police commissioner were among 13 persons indicted yesterday by a grand jury probing gambling. The charges included conspiracy, bribery, extortion and accepting unlawful fees.

Three police captains, a city license director and a Democratic state committee member were among those named in sealed indictments handed to Justice George H. Rowe of State Supreme court.

The city councilmen, indicted on all four charges, were:

Peter J. Rybka, majority leader of the Democratic-controlled council; Democratic Frank J. Glinicki; and Republican Russell M. Leach and Elmer F. Hoffman.

Similar charges were placed against Deputy Police Commissioner Glenn C. Pauley and Police Captains Theodore Seifert, George A. Tourje, and Raymond J. Smith.

The investigation started as a probe of pinball machine operations, and later focused on alleged payoffs by pinball machine distributors. Yesterday's partial probe was the fifth returned by the grand jury in its six-month-old probe of gambling conditions. More than 90 persons have been named in previous indictments.

Concert Duo Plans Concert At Buck Hill

Buck Hill Falls — The unique musical combination of Robert Brink, violinist, and Daniel Pinkham, harpsichordist, promises to be unforgettable and extremely satisfying entertainment for concert-goers who attend their performance in the auditorium of the Inn at 8:30 p. m. today.

Robert Brink, who comes from a long line of musicians, received his first formal violin instruction at the age of seven from his father. Later he studied violin with Jacques Malkin and Richard Burgin, and conducting as a special student at the New England Conservatory of Music. He was soloist with the Boston Pops Orchestra, appeared in New York's Town Hall and Boston's Jordan Hall, besides giving solo recitals in numerous cities, always impressing audiences and critics with his art.

Daniel Pinkham studied the harpsichord with Wanda Landowska and Putnam Aldrich; the organ with E. Power Biggs; theory and composition with Nadia Boulanger, Aaron Copland, Arthur Honegger, and primarily with Walter Piston at Harvard. He has appeared as harpsichordist with the Boston Symphony Orchestra, and as organist, harpsichordist, and composer on the Columbia network; and he has recorded extensively for several companies, both as conductor and as harpsichordist, in the United States and in Europe.

Pocono A.C. Nine Meets West Bangor Tonight

Chandler Blasts Owners At Hearing

By Francis J. Kelly

Washington (AP) — "Happy" Chandler, baseball's deposed high commissioner, told Congress yesterday the national game could well do without some major league club owners "who don't know where first base is."

Chandler didn't call any names. He offered four other proposals for improving baseball and strengthening the authority of the office he lost this year when only nine of the major league club owners backed him for a second term.

The first of those recommendations was abolition of the rule requiring 12 out of the 16 votes to elect a commissioner. Others were: To restore the commissioner's authority to set aside any rule adopted by the owners.

To give the commissioners the right to fire as well as hire the secretary-treasurer of organized baseball.

To allow the commissioner, rather than the league president, to name and assign umpires.

Interest

The former Kentucky senator testified before a House Judiciary subcommittee which is looking into organized baseball with an eye on how its standard practices jibe with the anti-trust laws. Chandler's comments had unusual interest because the owners meet in New York today to begin considering selection of a new commissioner.

Chandler said he thought a third or even a fourth major league could be formed, or the present loops could be enlarged to 10 or 12 teams each instead of eight. As site possibilities for new major league teams he listed Los Angeles, Baltimore, Queens Borough in New York, Milwaukee, Houston, Dallas, San Francisco, Portland and Seattle.

Subcommittee Chairman Celler (D-N.Y.) triggered Chandler's comments on the present major league owners by asking if everything in baseball is "clean and wholesome."

The ex-commissioner hesitated a moment before replying that the players were in there trying and the umpires were giving a fair shake. Then he added:

"I'm not going to pass on the character of all the fellows who own the clubs. A great many of them are just fine. But I think there are some owners the sport could do without."

Strader Says He's Been Fired As Coach, But Collins Claims Mentor Quit Grid Yank Staff

New York Aug. 6 (AP) — Norman (Red) Strader is out as head coach of the New York football Yanks, but the question arose today — was he or wasn't he fired?

"I most certainly was," said the little, red-haired former coach of St. Mary's (Calif.), who has been with the Yanks since 1946 and has led their professional grid fortunes since mid-season of 1948. The Yanks won seven, lost five last season.

Strader said Ted Collins, owner of the National Professional football league club, called him on the telephone last Wednesday and told him, in effect, he was through.

Collins, in Lake Placid, N. Y., insisted he was "completely

CLU Notches Inter-Borough League Victory

The CLU's Inter-Borough league baseball team annexed a loop victory on Gordon Giffels last night by thumping the Playground nine, 14-3, as Claflo heaved a three-hitter for the winners.

The Central Labor union aggregation pounded the offerings of Weiss, Playground pitcher, for 12 safe swats as they fashioned their 14 runs with field day gusto.

Nine-Run Barrage
The first inning of play went quickly with neither side scoring, but CLU roared loose with a nine-run barrage at the bottom of the second as the batting order went all the way around by good measure.

The parade of CLU runs abated long enough to give the playground another session at bat at the top of the third. Nothing happened in the scoring vein, however, until CLU combined a three-run cluster in their half of the canto.

CLU plays Nauman's at 6:15 p. m. Wednesday in an Inter-Borough league game slated for Gordon Giffels field.

Entry Given Pre-Race Edge

Goshen, N. Y. (AP) — The Hayes Fair Acres stable of Du Quoin, Ill., winner of the Hambletonian a year ago, was listed last night as the probable favorite for the 26th edition of the famed trotting stake tomorrow.

Most of the harness horse people gathering here for the opening of the grand circuit meeting at Good Time park say that while the rich race appears fairly wide open, the Hayes entry of Mighty Fine and Spinah has an edge right now.

Warm Up Talk

Genes Hayes, a towering 250-pounder, and his little trainer-driver, Benny Schue, a one-time jockey who scales 139 pounds, were discussing their chances as the field warmed up for the first race.

"I can't tell you who's going to win the Hambletonian," but I'll tell you who's going to try awfully hard to take it," said Benny, who rode horses at western county fairs when he was nine years old.

Hayes, a soft drink distributor who won the famous Kentucky derby of trotting on his second attempt last year with Lusty Song, was hopeful.

Likes Both

"Speaking for my pair, Mighty Fine can trot the most, but Spinah has the best manners."

Late checkup around the barns indicated 23 three-year-old horses might line up for the \$90,000-plus classic. This would make it not only the richest, but also the largest field since the race was inaugurated in 1926.

Bank Team Triumphs

East Stroudsburg National bank defeated PAH by a 10-7 count last night in an east borough Little League contest.

Lions To Bring Primo Carnera Here For August 22 Mat Show

Stroudsburg Lions club last night announced plans for the presentation of an outdoor wrestling show featuring Primo Carnera, former heavyweight boxing champion, who is now one of the outstanding mat performers.

T. Manning (Cap) Curtis, club president, and the committee in charge of arrangements said the show will be held at Gordon Giffels field on the night of Wednesday, August 22.

Foe to be Named
Carnera's opponent here in Stroudsburg has not yet been named, but the committee said one of the other matches will feature women wrestlers Dot Dalton and Ella Waldek.

An Australian tag match will complete the card with four of the top wrestlers from the group performing regularly for television audiences.

Curtis revealed that tickets will go on sale today. General admission will be \$1.50, while there will be a limited number of reserved seats at \$2.50. Proceeds will go to Lion charities.

Hotels, resorts and business places in the Pocono area wishing to make tickets for the matches available to their guests and customers are urged to communicate with Myron Zatecky at the Pocono Automobile Co., N. Ninth St., or with Tom DeVivo, at DeVivo's shoe repair shop on Main St.

Yankees Take Full Game Lead As Morgan Shuts Out Senators

New York (AP) — Rookies Tom Morgan and Gil McDougald teamed up to lead the league-leading New York Yankees to a 4-0 victory over the Washington Senators last night. The triumph stretched the Yanks' lead to a full game over the idle runnerup Cleveland Indians.

Morgan blanked the Senators on five hits to post his eighth straight victory of the year against one defeat. McDougald drove home the Yanks' first three runs on his ninth homer and a fly ball. The shutout was Morgan's third.

Johnson Loses
Former Yankee Don Johnson battled Morgan on even terms until the fourth inning. With one out in the fourth Johnson walked Yogi Berra. Johnny Nize fouled out but McDougald followed with a home run, his ninth of the season.

The Yanks loaded the bases with one-out in the sixth. McDougald then flied out to drive in Bobby Brown with the third run. Morgan followed with a line drive that rookie Shortstop Pete Runnels snared with a one-handed running catch. The Yanks scored their final run in the seventh on a triple by Gene Woodling and single by Bobby Brown.

Threats Sunfied Out
The Senators staged threats in the first and eighth innings. GB Coan and Mickey Vernon singled in between outs in the first but Sam Mele struck out to end the bid. Runnels singled and Cass Michaels walked to open the eighth but Clyde Klutznick flied out, pinch-hitter Sherry Robertson batted into a force out and Eddie Yost popped out to halt the threat.

Runnels singled in the fifth but was erased in a double play. Irv Noren singled in the seventh but Vernon killed that bid by banging into a twin killing.

Cadets Draw Support From Congressmen

West Point, N.Y. (AP) — Ninety West Point cadets, facing dismissal, yesterday got the promise of a congressional inquiry into their cases shortly after Military Academy officials said they would welcome such action.

A Senate investigations subcommittee announced in Washington it will make a "preliminary inquiry" into the matter, to be followed possibly by a full-fledged investigation by the Armed Services committee.

Earlier, both Maj. Gen. Frederick A. Irving, Academy superintendent, and Earl "Red" Blaik, head football coach, said they would like to see such an inquiry.

Blaik said he favored a congressional probe "so the true character of these boys and the true relationship of football to life at the Academy can be brought before the country."

Of the 90 Cadets held guilty of violating the Academy's honor code by cheating on exams, Blaik said:

"I am sure that when the whole story is understood, no fair-minded man will condemn them."

Blaik, whose powerful Army football varsity reportedly would be decimated by the mass ouster, said the accused cadets are among "the finest we have in the corps."

Short Note

Gen. Irving's attitude was voiced in an short note sent to newsmen who had submitted a written question asking what he thought about a congressional inquiry. "I would welcome it," he wrote.

Meanwhile, in a Senate speech, Sen. Benton (D-Conn.) declared the 90 cadets were "much more sinned against than sinning."

He said he believes they were "victims of a vicious system, not its perpetrators." He added that news reports indicated cribbing at the Academy went back many years, involving hundreds of others.

In the House, Rep. Murray (R-Wis.) offered a resolution calling for a 30-day "cooling off" period before the Army discharges any of the cadets involved in the scandal.

"If there was ever a time when 'to err is human, to forgive divine,' it is now," Murray said.

Blaik, coach at the Academy since 1941, would not comment on reports he would resign. He said he would state his position fully at a press conference in New York Thursday.

His son, Bob, an Army star quarterback, has criticized the dismissed move. Young Blaik wouldn't say if he is among the 90, but he used the pronoun, "we," in referring to them.

Until yesterday, Coach Blaik had sidestepped talking to newsmen.

His statement came as parents of 17 of the cadets facing ouster organized a committee to fight for a review of the case in Washington.

Retired Army Col. Harrison Travis of Atlantic Highlands, N.J., a West Point graduate and leader of the group, said a delegation will appeal directly to Defense Secretary Marshall.

Travis, whose son, Harrison Jr., is a member of the Academy's football squad, said the accused cadets had been denied the right of trial by a court martial.

The Army has said the cadets, as undergraduates, do not have an officers' right to demand a court martial.

Each of them was to be called before a four-officer review board at the Academy before final action is taken. Some of them already have appeared, but the board has not rendered any decisions.

Purse Forfeited

Boston (AP) — Rocky Graziano, boxing's middleweight, seemingly knocked out Chuck Hunter of Cleveland in the second round last night at Boston Garden but the officials later disqualified Hunter and forfeited his purse.

At first the bout was announced as "no contest."

Luck To Do Pitching For Visitor

Pocono A.C. will risk its pennant chances tonight when Manager John Schoonover and company clash at Bangor Memorial Park for the final time in the regular 1951 season. A loss for the A.C. contingent will eliminate the Monroe County club from any sort of chance at the pennant, while a victory will keep the contingent in the race.

Manager Schoonover announced last night that Chet Lucki, veteran right hander, would handle the pitching chores against the West Bangor club that is currently fighting Roseto for the number three spot in the final standings.

West Bangor demonstrated some of its power last Sunday by scoring a 5-2 victory over Roseto and would like nothing better than to upend the pennant hungry Pocono A. C. contingent.

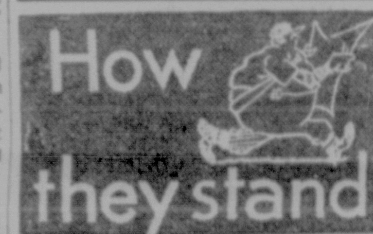

Same Lineup
Schoonover is expected to stick with the lineup that has carried the bulk of the load this season for Pocono A. C. This means that John Drew will handle the catching chores, with Danny Eppley on first base, Dewey Martling, second base; Jim Werkheiser, shortstop, and Tom "Lem" Bonser, third base.

The outfield will find Doug Schoonover in left field, Alden "Red" Fetherman or Bob Schick in center, and Dick Schaller in right. However, if Fetherman plays center field Schick will undoubtedly hold down the right field position.

Pocono A. C. returns to action on Thursday, when the second place club plays host to East Bangor, at Gordon Giffels field.

On Friday the A. C. contingent is slated to play Roseto, on the latter's home field.

All three games are scheduled to begin at 6:15.

Ashburn Challenges For Top Spot

New York (AP)—Stan Musial has a new challenger for the National League batting title in the Phil's Richie Ashburn. Displacing Jackie Robinson of Brooklyn in the runner-up spot, Ashburn trails the St. Louis slugger by 13 points.

Ashburn's average was .357, including Sunday's game, after a sensational week that brought 14 hits in 33 trips. Musial lost five points, dropping to .370.

Robinson, troubled by a sore hand, had only four hits in 24 at bats for a .167 pace. He tumbled 13 points to .345.

It was strictly a three-man race with the next contenders—Johnny Wyrostek of Cincinnati and Roy Campanella of Brooklyn—tied for fourth at .328.

Next In Line
At Dark of New York moved up a peg to sixth by maintaining his .321 average. Then came Ralph Kiner of Pittsburgh and Bob Elliott of Boston, tied for seventh at .320. "Pee Wee" Reese of Brooklyn, .317 and Carl Furillo of Brooklyn, .316.

Kiner finally caught Gil Hodges of Brooklyn in the home run race, blasting four in the week while Hodges hit one. They're tied with 31 each. Kiner also took over the leadership in runs scored with 89. But Monte Irvin of New York ousted him from a first-place tie for runs batted in. Irvin led all alone with 79 and Kiner was second with 78.

Ashburn's 156 hits were high. So were Stan Musial's nine triples. Gus Bell of Pittsburgh and Dark tied for most doubles, 26. And Sam Jethroe of Boston led with 21 stolen bases.

Although he failed to win during the week, "Preacher" Roe of the Brooklyn Dodgers still topped the pitchers with a 15-2 record. Don Newcombe, his teammate, led in strikeouts with 109.

Game Postponed

Roseto—Last night's scheduled Blue Mountain league baseball contest between Roseto and Johnsonville was postponed last night at the latter's request. The game will be made up before the close of the season.
